ACCELERATED CHANNELLING USING SACRED GEOMETRY

INTENSIVE MENTORING & RETREAT

ONLINE COURSE AND MENTORING
26 JULY TO 26 SEPTEMBER 2018

SANGSURYA RESIDENTIAL RETREAT - BYRON BAY - AUSTRALIA
10 TO 15 AUGUST 2018

ARE YOU READY FOR A WHOLE NEW LEVEL OF SOUL CONNECTION?

I'm excited to offer this new course to you.

It is the culmination of more than thirty years of my own personal spiritual and shamanic studies, as well as a collaboration with my Guides.

Sound mystical? It sure is. But I know you're ready for it.

This new course is BIG, FUN, AMAZING!!!! Most importantly it will give you results and accelerate you to a whole new level of operation with your psychic gifts.

In June 2015 I hosted a Beginners Channelling Intensive. This is a retreat I have run successfully for over twenty years. It's a big course, content heavy, and usually, it's a LOT of work, for both me AND my students.

It all went beautifully well, but... I have to confess, it actually went better than well. Techniques that previous groups labored to grasp were mastered easily. By day three I was introducing a far more advanced level of content into my usual curriculum. Things that once took me weeks to teach, my group were nailing in an hour! Why? The energies have changed, of course. 2015 was the first year where we have truly sat in these new, quicker post-2012 energies of flow and ease. The heaviness and the fear and all of that other hard stuff is gone. My students' abilities have accelerated to match this new energy. Everything is easier.

With every retreat I have conducted since then we have noticed that our students are mastering the sorts of techniques that even my most advanced pupils had struggled with previously. Even raw beginners have been able to step into some of my more advanced shamanic techniques and been hungry for more.

Now we are fully within the dawning energies of this new era. And so this new course was born.

I've built this new course from the ground up. It combines my old Advanced Channelling Course with our Accelerated Channelling Intensive, as well as parts of my Shamanic Geometry, Advanced Chakra Wisdoms and Soul JourneyMaker courses.

THIS ISN'T JUST A RETREAT

To get you ready and then cement your learning I am offering this as a combined online and residential course. That way we will be ready to go deep from Day One of Retreat and then you'll have plenty of time to take your retreat learning further.

I know you've been waiting for this. To be who you are, right now, in this age of expansion and opportunity and possibility. And goodness gracious, we need you! We need all our Lightworkers front and centre, doing their thing to raise vibration, share love and light and to facilitate healing and growth. Whether you are looking for personal development, spiritual growth, to be of service in the world, or to accelerate your gifts and connection to your calling this course will help you to get clear, connected and directed.

OUR COURSE

Our online journey begins Thursday 26 July. There will be a guidebook to download, as well as a recorded meditation, simple dietary guidelines and some short videos to watch.

On Monday, August 6 we will have a 60 minute webinar to prepare you for retreat.

Retreat begins at Byron Bay on Friday August 10 and ends on Wednesday August 15.

After you've rested up there will be further online instruction available from Saturday 18 August. This will include additional videos, activities and meditations.

On Monday 27 August we will have a 90 minute webinar that introduces new information and provides an opportunity for questions and answers.

On Monday September 10 we will have our third 90 minute webinar, with an active channelling session, instructions and a Q and A session.

This will be followed by more simple activities available online to support the material in your guidebook.

Our final 60 minute webinar and course graduation will be on Wednesday September 26.

This course is suitable for Nicole's students who have previously completed the Beginner, Advanced or previous Accelerated levels of Channelling with me. Anyone who has done a retreat with me since 2015 will be ready for this material. There will also be a few exceptional individuals who will qualify who have not yet done these prior courses

WHAT IS CHANNELLING?

Channelling enables us to connect with our Higher Selves, Guides, Angels, those who have crossed over, other Dimensional and Light Beings, and Spirit. Channelling allows us to co-create with Spirit, amplifying our own innate talents and gifts, and bringing through healing, insights and wisdom for the benefit of others. Channelling has always been a natural progression of ability for Aware Souls.

In this course you will be learning to connect to your own Higher Self as well as your Oversoul, and making working connections to various energetic beings. There has never been a better or easier time for you to make and explore these connections.

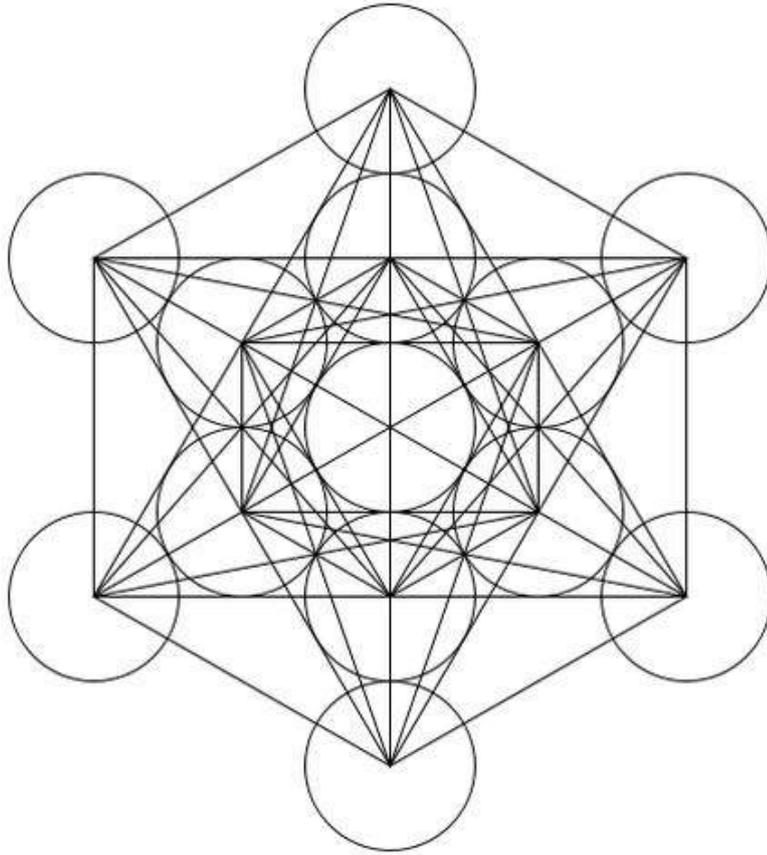

I've designed this course so that you get up and running quickly in the areas that best suit your own personal skillsets and metaphysical gifts. I've also included some quite magical ancient things, and some totally new information I've channelled through just for you!

I've also included activities, webinars and mentoring pre and post course in our own private forum so that I can hold your hand and support you every step of the way.

WHAT THIS RETREAT IS ALL ABOUT

This Intensive is about getting you ready to do the work you came here to do, or advancing your existing work in the world. It will tune you up to these new energies, and actively accelerate your personal and spiritual development. During our time together I will be immersing you in a spiritual and energetic world where you will connect with your own gifts, and be given exercises and activities for your current level of ability, and which are tailored to your specific energetic skillset.

It is expected that you are already working or hold an intention of working with others in service and making this work an important aspect of your life. This might not be direct work with others. You may have a path as a writer, an artist or a creator of policy. You may chose to work with governance and the structure of our society, or shaping the future of our world. Or you may chose to work as a healer, a teacher, a guide and counselor for others. It is okay to not have clarity about your direction yet – what is important is your commitment to growth, and your desire to work in service to others or the wider world in some way. There will be time on this retreat for you to seek clarification and guidance about your next steps in life, and in service to others.

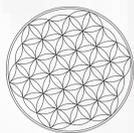

WHY NOW?

We are at the dawn of a new energetic age. You'll feel a resonance and a readiness for this next stage, and for being an important part of the process which will unfold this new era, and that will deepen your own soul growth and connection.

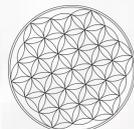

This is an important time to bring about positive change for individuals, families, communities, societies and the planet. You have gifts and energy to contribute to this time of shift and change.

CUSTOMISATION OF SKILLS AND TECHNIQUES:

The techniques taught in the retreat are sacred and powerful, but they will also be easy for you to master and apply in your work lives and personal sphere. Just because they are advanced does not mean that they are difficult. Instead what is required is that you be in the right heart space and have a willingness to open to this work. That is all.

Expect that in using these new techniques, you will become increasingly balanced, connected, enlightened, and of greater service to others. Many things you tap into will be familiar to you from lifetimes of experience. Also understand that you are here in human form, still growing and learning, and that becoming a channel will enhance your life in many ways but will not strip the humanity, the lessons or the challenges of this realm.

LOCATION:

The online portion of this mentoring can be accessed by you from the comfort of your home. The retreat will be hosted at Sangsurya - Byron Bay, a peaceful ridge-top spiritual sanctuary amidst 10 hectares of sub-tropical gardens with a range of simple but comfortable single or share accommodation options.

The retreat will be fully catered with an organic menu designed to lift your vibration and enhance your energetic connection. This tasty food will showcase the best of the Byron Bay region's produce, and special dietary needs will be caringly supported.

WHO ARE WE WORKING WITH?

Nicole Cody was born into a long line of western women with powerful spiritual connection. During her twenties she was mentored by a group of Aboriginal Elders and initiated into many of their methods of channelling and healing. She began working professionally as a channel and psychic over twenty five years ago, and has been involved in intensive daily meditation and spiritual practice since her teens.

On this course you will also be guided by Nicole's spiritual team. You may have already connected with one or more of your own Guides during Nicole's previous retreats and courses, in which case you will continue to deepen and strengthen that relationship. For many of you there will be a changing of the guard as you outgrow some of your old connections. There will be new guides to meet for all of you, even now. These guides are matched to your talents and purpose, so that you can begin a more powerful level of work for self and others.

HOW TO APPLY FOR THIS COURSE

THIS IS NOT A BEGINNER'S COURSE AND ALL COURSE PARTICIPANTS MUST GO THROUGH A SELECTION PROCESS TO ASSESS THEIR SUITABILITY FOR THE RETREAT.

Application for this course is by Expression of Interest.

Please don't be offended by the fact that we won't let just anyone come along! By screening all applicants we can be sure that you will be suitable for the work. Demand for this course is high, and it takes an enormous amount of time, devotion and hard work to hold you all in this space and ensure your ongoing care and development. This is a responsibility our team take very seriously. We need students who are ready for the work, and who will be respectful of the work and each other. Your well-being and positive experience is our paramount priority.

Places on this course are limited, and you are advised to send us your application as soon as possible.

In fact, this course is already over half-full before we have advertised it, so do not delay in getting back to us.

You must commit to a series of simple preparatory activities two weeks prior to the course commencement. I will also be holding you in meditation for that time, working on you energetically twice a day. You'll need about ten minutes a day for meditation, and about 30 minutes to one hour per week to complete the activities, as well as committing to giving up recreational drugs, caffeine and alcohol for ten days before the retreat. This small sacrifice will make a HUGE difference to the quality of your experience, and I promise that giving up these substances is only for a short time.

I also require you to go on a complete phone, email and social media ban for the six days of the retreat. You will be in an altered energetic state and I don't want anything throwing you out of that. Which in turn may also affect the experience of the rest of the group. There will still be ways for people to communicate with you via our staff if there is an emergency. But please trust us on this one. You need to disconnect with the outside world. If you can't do that I'm sorry, but you can't come!

We are excited to have you with us, and we are waiting for you with love and a sense of pure joy. This will be a time of great unfolding and purposing. It's YOUR time, and you will feel this call within you. It's our job to connect you to that energy and purpose.
